SCHOOL RULES 2023-24

All students should simply act with kindness, integrity, compassion, and honesty.
To do so encompasses all the details listed below.

1. Students should act in keeping with the 7 School Values.

These are:

5. No students may leave the School grounds during the working day without prior notice and permission having been granted. In this instance students must sign out at Reception before leaving the site. After School, boarders must seek their House Parent's permission to leave the School site.
6. Students and parents should also be aware of the School's policies which are available to view on the School's website.

It is not possible to outline every possible infringement of rules in a list. It is expected that every student at Box Hill School is able to behave well and conform to standards of 'common sense'. The Headmaster will use his professional opinion to apply this metric where necessary.
